PART 1

A. Part 1: INTRODUCTION

1) Discovering the Art of Tarot in an Hour

It took me over thirty years to discover how to condense the supernatural and psychological art of Tarot into something you can learn in under one hour... and I'm super excited to share it with you. I've encountered considerable skepticism about this claim! And, as a seasoned tarot reader, I understand why; tarot is a complex art, deeply intertwined with human psychology and spirituality. It represents a lifelong journey of learning and self-discovery, where each new insight uncovers yet more to learn.

But I'm not suggesting you'll become an expert in under an hour—rather, that you'll be able to accurately read the cards. Imagine a master juggler teaching a novice to juggle with lightweight chiffon scarves instead of heavy balls. In a similar vein, my decks and training programs are designed to provide beginners with a robust foundation.

My teaching method unveils the secrets of happiness hidden within the cards, challenging the notion that tarot reading is reserved for a select few. It dispels the myth that mastering tarot requires paranormal gifts or in-depth knowledge of advanced occult arts. Instead, my approach highlights key elements to super-charge your intuition and activate your deep subconscious knowing. It lays a foundation for a lifelong journey of self-discovery and empowering others through the art of tarot reading. The magic is already within you; this instruction manual simply helps you uncover it.

My calling to demystify the art of tarot for new readers has resulted in a powerful one hour introduction that literally unlocks the path to 'scary accurate' readings, and sets the stage for a lifelong insights. The secrets of tarot are kept in what I call the '5 Golden Rings': Archetypes and their Meanings, Numerology, Classic Elements, Astrology, and Intuition. These rings hold the key to understanding the profound wisdom within each tarot card. By tapping into these elements, along with a few surprising strategies, you'll gain the ability to find correct answers in every reading and prevent 'going blank' during sessions. Thank you for embarking on this journey with me, as we venture together into the realm of intuitive tarot mastery.

B. Foundations First: The Origins and Effectiveness of Tarot

1) What is Tarot?

Tarot is a 78-card illustrated deck that contains characters and concepts symbolic of life lessons. In a reading, cards are drawn at random from a shuffled deck and laid out in a specific arrangement, known as a 'spread.' This spread is interpreted to tell a story that reflects the future and fortune of the

'querent'—a term used to describe the person seeking guidance or insight from the reading. Tarot reading, while traditionally associated with enlightened and spiritual practitioners such as empaths, clairvoyants, and psychics, is accessible to everyone. Its appeal extends across diverse cultures and beliefs, attracting those involved in occult practices. More recently, tarot has gained traction in mental health contexts and is growing in significance of self-exploration and emotional healing.

2) Where did Tarot come from?

The origins of tarot cards trace back over 600 years to the 14th century in Southern Europe. Initially, tarot cards emerged as an exclusive, bridge-like game named Tarocchi, primarily played by the affluent elite due to the high cost of acquiring a deck. Each card was meticulously hand-drawn, commissioned from skilled artists. Among the earliest surviving examples are the Visconti-Sforza cards, crafted in the 1440s specifically for the Duke of Milan's family. This historical deck represents the rich and privileged beginnings of tarot's journey through time.

In the 18th century the tarot took on a mystical life of its own. It started with Antoine Court de Gébelin, a French scholar, who suggested these cards were more than just playthings - they were keys to ancient, hidden knowledge. This idea blossomed in the 19th century as occultists, particularly Éliphas Lévi, wove the tarot into a tapestry of Kabbalah and mysticism. The cards didn't gain widespread recognition until the early 20th century when the growing popularity of secret occult societies became in vogue. In 1909, William Rider published a tarot card deck in collaboration with an occultist from the Hermetic Order of the Golden Dawn, A.E. Waite, and an artist, Pamela Colman Smith. This deck, known as the Rider-Waite-Smith deck, and remains the most popular tarot deck in use today.

C. Science versus the Supernatural

1) Does tarot really predict the future?

Some tarot readers claim to have direct, supernatural communication with a divine or infinite source. Most, however, simply experience an innate sense of "knowing" when something feels off, an ability that seems mystical in nature but is, in fact, a trait we all possess. This phenomenon of intuition has an intriguing scientific angle. Research into the human brain suggests it functions like a predictive machine, continually processing incoming sensory information and current experiences, and comparing them against stored knowledge to anticipate what might happen next. This process can give rise to strong premonitions or instincts about people or situations—largely unexplained, yet undeniably observable.

The ability to foresee the future, whether through psychic abilities or simply strong intuition, has always been a subject of both fascination and apprehension. People are drawn to the potential insights such abilities might offer, yet they may also fear the unknown or the possibility of uncovering uncomfortable truths. Those genuinely gifted in these areas often prove their abilities through the accuracy and impact of their insights and predictions, earning recognition and respect for their unique talents.

Although science and tarot may seem like an unlikely pair, they share some intriguing connections. Science is the path we take to understand the universe, relying on observation, experimentation, and analysis. Tarot, conversely, delves into the soul, using cards to unveil profound truths and guidance. Surprisingly, science has something to say about tarot.

Evidence-based approaches focused on the power of belief and goal achievement are well documented and highly studied. Notable examples include:

- Dr. Carl Jung: The Swiss psychiatrist, a protégé of Sigmund Freud, introduced the concept of “Synchronicity”, referring to meaningful coincidences that go beyond mere chance. He also developed the idea of the "Collective Unconscious," suggesting that humanity shares a pool of knowledge, enabling us to recognize and understand universal characters or "Archetypes," such as ‘the hero’, ‘the outlaw’, ‘the ruler’, and ‘the wise sage’. These archetypes resonate universally, transcending differences in age, sex, gender, race, or socio-economic status. Jung believed that introspection, possibly aided by tools like tarot cards, could help us comprehend our unconscious motivations and better forecast our future.
- The Barnum Effect: Discovered by psychologist Bertram Forer in 1948, this phenomenon involves giving generic statements that individuals believe are tailored specifically to them, like "you tend to be self-critical".
- The Placebo Effect: This highlights the power of belief and expectation. If people believe they are receiving a treatment, even if it's inactive, they may experience real improvements, showcasing the mind-body connection.
- Growth Mindset: Proposed by psychologist Carol Dweck, this concept encourages the belief that abilities and intelligence can be developed with effort and learning, leading to resilience and personal growth.
- Self-Fulfilling Prophecies: This occurs when an individual's belief in an outcome influences their behavior, making that outcome more likely to occur. Believing something will happen can shape actions and decisions towards that result.

D. Exploring Tarot Reading: Is There a Right Way?

1) Who reads Tarot?

Anyone can learn to read tarot cards with dedication and practice. Tarot reading involves understanding the symbolism of each card, developing intuition, and honing interpretative skills. It's accessible to anyone willing to study and explore the meanings and connections between the cards, making it a versatile tool for self-reflection, guidance, or even just a fun hobby. Whether you're a professional reader or an enthusiast, tarot offers a unique way to tap into your intuition and gain insights into life's questions and challenges.

2) What is the structure of the deck?

The tarot deck consists of seventy-eight cards, each embodying unique characters and concepts. It includes twenty-two Major Arcana cards (known as Trump cards), symbolizing significant life lessons and long-term consequences of choices and events. In contrast, the fifty-six Minor Arcana cards reflect the shorter-term outcomes of everyday life experiences. The Minor Arcana is further divided into four suits, each comprising ten numbered cards (known as PIP cards) and Court Cards (Pages, Knights, Queens, and Kings).

3) What are the Basic Rules?

Who is the Golden Dawn?

While there is no single correct way to read tarot, the Hermetic Order of the Golden Dawn is frequently cited and holds a significant role, particularly for its contributions to the contemporary understanding and practice of tarot reading. Founded in the late 19th century, this secret society was deeply rooted in the study of the occult, mysticism, and paranormal activities. The Golden Dawn integrated tarot into its teachings, infusing the cards with esoteric symbolism and linking them to Kabbalah, astrology, and other mystical systems. This integration transformed tarot from a simple divination tool to a complex system of spiritual and psychological insight. Members like Arthur Edward Waite and Aleister Crowley, both influential figures in the Order, further popularized tarot with their own decks (the Rider-Waite-Smith and Thoth decks, respectively), which remain among the most widely used and studied decks in tarot practice today. The Golden Dawn's intricate interpretation of the tarot cards has profoundly shaped modern tarot readings, making their influence an essential part of any introduction to the world of tarot.

The essential attributes that are universally accepted as the “traditional” meaning for each card help to ensure continuity in readings. But you may grow to interpret the cards differently, which is not wrong or uncommon! Your intuition is the ultimate “correct” answer. As with all traditions, the tried-and-true method of something can typically only be improved upon once it is deeply understood. This is the reason my decks and training programs are based on them.

5 GOLDEN RINGS

PART 2

A. Part 2: The Key Components of a Tarot Reading

1) Connect with the cards in a story format.

Tarot is storytelling, so we call it "reading." Whether you pull one card or many cards, all stories have characters and events in some stage of beginning, middle, or end. And each Tarot card represents a character at an event's beginning, middle, or end. The characters and events depicted by the 78-cards represent 1) the person you are reading for, 2) someone close to them, or 3) a hidden aspect within them that needs to be acknowledged before they can reach their goal. You must be familiar enough with the characteristics of each card to use a specific card to identify the real-life person or event that the story is about. But it can be challenging initially to keep all 78 cards straight without referencing a guidebook.

The good news is that several simple techniques can eliminate the need to stop in the middle of a tarot session to look up card meanings or use a guidebook. They include selecting the right deck and then learning what I like to call the 5 Golden Rings of Tarot Reading: Archetypes, Numerology, Classic Elements, Astrology, and Intuition.

2) Who are the characters in the story?

Golden Ring #1: Archetypes

To begin crafting a story from your tarot spread, the first step is to identify the key figures involved. Each of the 78 tarot cards represents an archetype, or character, that becomes easily recognizable once you get the hang of it. However, learning to read tarot in less than an hour, without needing to memorize each card or constantly refer to a guidebook, requires the right deck.

The Rider-Waite-Smith deck is widely recommended for its rich symbolism and vibrant colors, but its classic style might not resonate with modern readers. When I started, I searched for a deck with subtle cues in the artwork, ones that would discreetly help me recall each card's meaning. Unable to find such a deck, I improvised by writing keywords on each card with a marker. This approach was effective for learning, but it wasn't ideal for reading confidently for friends, and it took hundreds of hours. Years later, this experience led to the creation of the Lightworker's Deck, the first I created for Tarot Skills, specifically designed to help beginners learn tarot reading without the need for a guidebook.

Tarot cards refer to identified traits and energies that balance each other out as opposite but interconnected forces. Some cards are grammatically gendered or depict age. This does not refer to actual biological gender or physical years. Masculine and feminine traits, and levels of maturity, exist in all of us.

- Pages – Child, Any Gender
- Knights – Young Adult, Masculine
- Queens – Adult, Feminine
- Kings – Mature Adult, Masculine

3) Where and when does the story occur?

Golden Ring #2: Numerology

The sequence of the Major Arcana represents a journey from start to finish, beginning with The Fool, numbered 0, and culminating with The World, numbered 21. The larger the number the more

progressed the story is. The Minor Arcana is categorized into four suits, each containing ten numbered cards (known as PIP cards) and Court Cards (Pages, Knights, Queens, and Kings). Each card's position within the deck corresponds to a specific time.

The position of a PIP card in the deck suggests a life journey's progression, from its inception to its conclusion. Cards with lower numbers signify the beginning stages, while higher numbers indicate the culmination of an aspect. By associating a few keywords with each number, you can swiftly grasp the significance of a card's number in relation to the narrative of the spread.

Keep in mind the positional number of the card in the deck has an associated meaning for the minor arcana court cards related to maturity of the person or event (not necessarily actual age.)

The Beginning: (New, Childhood, Child-like)

The term for beginning in Tarot-Astrology is: "Cardinal"

- Ace: a time and opportunity of great potential.
- 2: a time to make a choice.
- 3: a time of growth.
- 4: a time to compare your current situation to what's really important.
- Queens: a time of powerful feelings.

The challenge often faced at the beginning of something is the uncertainty and the unknown. Nothing happens until you start.

The Middle: (Growth, Development, Maturation)

The term for middle in Tarot-Astrology is "Fixed"

- 5: a time of struggle.
- 6: a time to balance the good with the bad.
- 7: a time to reflect on beliefs.
- Knights: a time of intense effort.

The challenge with being in the middle of something is that we tend to believe things will stay the same forever. This is never true.

The End: (Old, Completion, Transition)

The term for end in Tarot-Astrology is "Mutable"

- 8: a time of expertise.
- 9: a time of consequences for past actions.
- 10: the time of completing a cycle.
- Kings: a time of strong dependability.

The challenge at the end of something often revolves around closure and letting go. Everything that begins must end.

Using Advanced Numerology

Additionally, under more advanced numerology concepts the following is helpful to determine the time, period, or phase of the story.

0 - Blankness:

This period is characterized by emptiness or the potential for new beginnings. It's a time when anything can start, offering a blank slate.

1 - Beginnings:

This phase marks new starts and initiation. It's a time for embarking on fresh journeys and embracing new opportunities.

2 - Union:

This period focuses on partnerships, bringing together duality and balance. It's about forming connections and harmonizing opposites.

3 - Kindred:

This is a time for fostering connections, often with family or close friends. It emphasizes the importance of close, nurturing relationships.

4 - Structure:

This phase is about establishing stability, order, and a solid foundation. It's a time for building and structuring.

5 - Forging:

This period is characterized by change, adaptation, and growth. It's about evolving, transforming, and making necessary changes.

6 - Harmony:

This time is focused on achieving balance, peace, and equilibrium. It's about finding a harmonious state in life.

7 - Awareness:

This phase is about gaining consciousness, understanding, and insight. It's a time for introspection and enlightenment.

8 - Power:

This period signifies strength, control, and capability. It's about asserting oneself and manifesting one's will.

9 - Fulfillment:

This is a time of completion, satisfaction, and achievement. It's about realizing goals and enjoying the fruits of one's efforts.

When faced with numbers greater than 9, we simplify them to a single digit by adding the individual digits together. This process, often called 'numerical reduction,' brings us back to the core numbers between 1 and 9. For example, with the number 10, we add 1 and 0, which gives us 1. With 16, adding 1 and 6 gives us 7. For 18, adding 1 and 8 results in 9. And for a number like 19, we first add 1 and 9 to get 10, and then further reduce 10 by adding 1 and 0, which brings us back to 1. This method helps in simplifying larger numbers to their fundamental numerical essence.

4) What's the tone and mood of the story?

Golden Ring #3: Classic Elements

Knowing the classical elements assigned to each card will help you quickly leap to the core of the card's meaning, which may be about thinking, doing, feeling, or securing. My Tarot decks use symbols on each card to help you immediately see which elements are associated with a card.

Suit of Swords and Pages: Air – Motivated by the logic required for intellect and strategy.

Air is associated with thinking, intellect, and intelligence. It is often denoted with white, blue, or purple coloring on a card. The suit of swords and all four pages are associated with air. In a reading, if you pull an air card, you are dealing with the part of a story that has to do with someone's thoughts (intellect and strategy).

Suit of Wands and Knights: Fire – Motivated by the actions related to desire and movement.

Fire is associated with doing, action, and movement. It is often denoted with red or yellow coloring on a card. The suit of wands and all four knights are associated with fire. A fire card addresses the part of the story that requires desire and actions (the physical work in the doing of something).

Suit of Cups and Queens: Water - Motivated by the feelings about love and emotions.

Water is associated with emotion and feelings. It is often denoted with blue coloring on a card. The suit of cups and all four queens are associated with water. A water card addresses how the people in the story feel or felt (love and emotions).

Suit of Coins and Kings: Earth – Motivated by the need for responsibility and obligations.

Earth is associated with securing what you need, responsibilities, and dependability. It is often denoted with green or brown coloring on a card. The suit of coins and all four kings are associated with earth. An earth card is the part of the story that requires physical security (responsibility and obligations.)

5) What is driving the story's plot?

Golden Ring #4: Astrology

By integrating astrology and zodiac information into a tarot reading, a more nuanced and personalized interpretation can be achieved. This approach considers not just the symbolism of the cards but also the deeper astrological influences on an individual's personality and life journey. The zodiac signs we see in a reading may or may not represent someone with that exact sun sign. A person is influenced by sun, moon, and rising signs. Signs, therefore, indicate personality traits...and inevitably the traits that are driving the plot of the tarot reading. So, let's Break down the zodiac signs into keywords that are easy to remember:

When a fire sign shows itself in a reading, it is speaking to specific traits related to fire signs: Aries is self-aware, Leo dominating, and Sagittarius intellectual.

When an air sign shows itself in a reading it is speaking to specific traits related to air signs: Gemini is versatile, Libra diplomatic, and Aquarius confident.

Zodiac Signs and Elements: Each zodiac sign is connected to one of the four elements (Earth, Air, Fire, Water), which imbue them with distinct qualities. For instance, Earth signs (Taurus, Virgo, Capricorn) are known for their practicality and stability, Air signs (Gemini, Libra, Aquarius) for their intellect and communication skills, Fire signs (Aries, Leo, Sagittarius) for their passion and energy, and Water signs (Cancer, Scorpio, Pisces) for their emotional depth and intuition.

ZODIAC

Fire Signs

-  Aries: Self-aware
-  Leo: Dominating
-  Sagittarius: Intellectual

Air Signs

-  Gemini: Versatile
-  Libra: Diplomatic
-  Aquarius: Confident

Water Signs

-  Cancer: Sensitive
-  Scorpio: Focused
-  Pisces: Intuitive

Earth Signs

-  Taurus: Collector
-  Virgo: Precise
-  Capricorn: Pragmatic

PLANETS

Planetary influences are assigned to some cards based on the seven planets that could be seen from earth in the late 1800s. My Tarot decks use symbols on each card to help you immediately see which planets are associated with a card. And my decks use different symbols to identify the traditional planets and scientific symbols to identify the modern planets so psychics connecting with ancestral souls don't have to guess which rules should be applied.

- Sun – Confidence ☉

- Mercury - Strategy ☿
- Venus - Love ♀
- Moon - Feelings ☾
- Mars – Battle-Ready ♂
- Jupiter - Growing ♃
- Saturn - Uncertainty ♄

The 1909 Golden Dawn definitions of the Tarot deck incorporated only planets that were visible from earth at that time. Since then, newer celestial bodies, like Uranus, Neptune, and Pluto, have inspired fresh interpretations and additions to the tarot. Only three cards are affected: THE FOOL, THE HANGED MAN, and JUDGEMENT.

- Uranus: Discovering ♅
- Neptune: Idealizing ♆
- Pluto: Transforming ♇

Cards that are not linked to a specific planet represent the Universe and the interconnectedness of all things.

6) What is the point of view?

Golden Ring #5: Intuition

The interpretation of a story often depends on the reader's perspective. While the author sets the narrative's point of view, each tarot reader brings their own unique experiences and interpretations to the story, shaping their understanding of it. Scientifically, intuition is recognized as a significant aspect of our consciousness. Research has shown that intuition often manifests physically first, acting as a subconscious signal. Our gastrointestinal tract, which contains about 100 million neurons, forms an extensive network known as the 'enteric nervous system' or the 'second brain.' This network is intricately linked with our brain, contributing to the 'gut feelings' or intuitive responses we experience. These sensations, like butterflies in the stomach or gut discomfort, serve as subconscious alerts, drawing our attention to specific thoughts, decisions, or situations.

But, while intuition is important, it's not the only tool you need. Here's something equally crucial:

Imagination. Imagination is the skill of creatively exploring the possibilities that your intuition presents. It's a talent that comes naturally to some, like empaths and psychics, and is inherent in children. Unfortunately, as we grow older, we often lose touch with this ability. When you look at a tarot card, try not to jump to conclusions based on its immediate appearance. Instead, open your mind to the 'what-ifs' the card might suggest. Think in ways that are unconventional, unique, or fresh.

The more intuitive insights (input) you have, the richer and more detailed your reading can become. And the good news is, tapping into your intuition more effectively is easier than you might think.

- **Notice the energy around you.**

Some people don't properly regulate their energy and have adapted by taking yours. Many don't even know they are doing it. Our "Querents" (the people we are reading for) come in all shapes and sizes of

spiritual health. The best way to help them is to protect your energy levels and the messages the cards want to deliver. Keep your vibrations steady by setting your intention with an affirmation. Example: "My energy is rooted to the earth and fused to the universe, in such abundance that it can't run low."

- **Get yourself in the right place.**

Being in the right place is more than just an incense-infused physical space. Mindfulness is our ability to be fully present, aware of where we are and what we're doing, and accept it. You can ruin the message intended by the cards if you are worried about the past or are rushing to get to the future. Take a deep breath. Breathing in "peace and calm." Exhaling out "tension and anxiety."

- **Embrace your innate worth.**

There are no rules more important than what feels right to you. What's "right" for you may be a big no-no for me. For example, some will never let Querents touch their cards, while others use their touch to detect psychic imprints and have no problem clearing that energy between uses. If it feels right to you, it is correct.

Lastly, you don't have to be deeply versed in rituals or magical customs to enhance your intuition with your imagination. The key is to believe in your inner power. Embrace your beliefs, whether they're rooted in religion or other divinatory practices. Focusing on your beliefs, expectations, motivations, and intentions creates different, high-vibrational rates and energy patterns. Regularly affirming your value and worth can profoundly impact your readings and personal growth.

GETTING GOOD

PART 3

A. Part 3: How to Excel in the Art of Tarot Reading

1) How to Increase Accuracy and Effectiveness

1. The Art of Asking Great Questions

Tarot offers a unique window into future possibilities, not by predicting events with certainty, but by facilitating deep introspection. When a querent contemplates the narrative unfolded in a card spread, it becomes a tool for self-reflection, helping to clarify desires and paths to their goals. The mere act of thinking about the future begins to actively change it.

Therefore, the art of Tarot reading hinges on the formulation of great questions. Although it's not always necessary for the querent to share their question with the reader, adhering to certain guidelines can significantly enhance the efficacy of the reading.

Embrace Open-Ended Questions:

Questions that elicit a mere 'yes' or 'no' can be limiting and often don't capture the dynamic nature of the future. Since every present action influences future possibilities, open-ended questions are more beneficial. Encourage querents to ask questions that allow for depth and introspection. For instance, "How can I find my soulmate?" is more insightful than "Will I find my soulmate?" This approach opens the door to a broader understanding and personal growth.

Focus on Personal Insights, Not Others' Stories:

Tarot readings are most effective when they center on the querent's personal journey. Probing into others' lives can be intrusive and ethically questionable. Instead of asking, "Will she fall in love with me?", a more appropriate question would be, "How can I improve my approach to relationships?" This shift ensures the reading remains respectful and personally relevant.

Steer Clear of Health-Related Queries:

Tarot readings are not a substitute for professional medical advice. As readers are typically not licensed medical professionals, it's inappropriate to make health predictions. This means avoiding questions about pregnancy or life expectancy. Remind querents that Tarot is a tool for spiritual and emotional guidance, not medical diagnosis or prognosis.

Encourage Specificity in Questions:

While general readings can offer broad insights, they may lack the focus needed for targeted guidance. Encourage querents to pinpoint specific areas of interest or concern in their lives, such as relationships, career, or personal development. For example, "How can I achieve greater satisfaction in my career?" This approach helps querents direct their intentions and gain more relevant insights from the reading.

2. How to Avoid Going Blank

Navigating the 'Blank Moments' in Tarot Reading: Even the most intuitive and experienced readers encounter moments where the cards seem inscrutable. It's important not to lose confidence in these instances. Resisting the urge to reshuffle and start over is crucial; doing so can undermine both the reader's confidence and the integrity of the reading process. Many practitioners consider it disrespectful to spirit guides to repeat a question simply because the initial answer was unclear or unsatisfactory.

Often, the perceived misalignment between the cards and the question can be attributed to one of the following reasons:

Clarity of the Question:

A precise answer requires a clear question. When questions are overly broad or numerous, the resulting reading can be equally muddled. Assisting the querent in formulating a clear, focused question is a key step in avoiding confusion.

The Unfolding Present:

Sometimes, a reading may not resonate immediately, only to become clear with time. Remind querents that when current circumstances are in flux, future outcomes may be obscured. Immediate clarity isn't always possible or necessary.

Personal Well-Being:

A reader's personal state greatly influences their reading ability. Factors like mental distraction, physical needs (like hunger or fatigue), or substance influence can impede clarity. Recognizing and acknowledging when you're not at your best is important. In such cases, it's better to pause and return to the cards later.

The 3-T Rule to Counter Blankness

- **Take:** Start with deep breaths. Relaxation is key to clear thinking and effective communication.
- **Talk:** Articulate each card's meaning out loud. Often, the simple act of verbalizing your thoughts can unlock new perspectives and insights.
- **Trust:** Have faith in your intuition. Letting self-doubt intrude only diminishes your self-belief, which is the essence of your reading power.

3. Learning New Spreads

- **Understanding Card Spreads in Tarot Readings:** In Tarot, each card serves as a unique data point, contributing to the overall narrative of the reading. The number of cards used in a spread directly influences the depth and detail of the insights provided. A single-card spread, for instance, can offer a straightforward 'yes' or 'no' answer, or illuminate a singular idea or concept.
- **Progression in Learning Tarot Spreads:** Beginners in the art of Tarot typically start with simpler spreads, such as one or three-card layouts. These basic formats allow new readers to develop their understanding and intuition without becoming overwhelmed. A three-card spread is particularly favored for its balance between simplicity and depth, offering meaningful insights without overcomplication and can typically be completed in about 15 minutes. As readers advance in their skills, they often explore more complex spreads. Five-card and ten-card layouts, like the renowned Celtic Cross spread, provide a more nuanced and comprehensive reading. Eventually, seasoned readers may create their own unique spreads, tailoring the layout to their personal style and the specific needs of their querent. This customization underscores the adaptability and personal nature of Tarot reading.
- **Flexibility in Tarot Practice:** It's important to remember that there is no singular 'correct' spread for Tarot readings. Each spread and each card within it is open to interpretation based on the reader's intuition and the context of the question asked. The choice of spread and the

interpretation of the cards are deeply personal, reflecting the individual style and insights of the reader.

Examples of Popular Spreads:

- **One-Card Spread for Yes or No:**

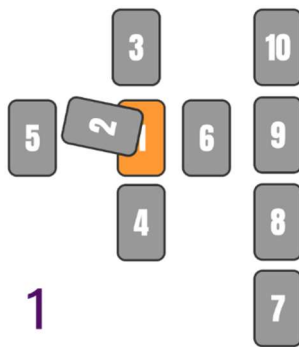

This is the simplest form of a Tarot spread. The reader shuffles the deck and draws a single card. This card is then interpreted to provide a 'yes' or 'no' answer, often based on the inherent meaning of the card or its orientation (upright or reversed). The interpretation can vary depending on the reader's intuition and the context of the question asked.

- **Three-Card Spread for Past, Present, Future:**

In this spread, three cards are drawn. The first card, placed on the left, represents the past. It provides insights into the querent's previous experiences or the events that have led up to the present situation. The middle card represents the present, offering a reflection of the current state or challenge faced by the querent. The third card, placed on the right, signifies the future, suggesting a possible outcome or direction based on the current trajectory.

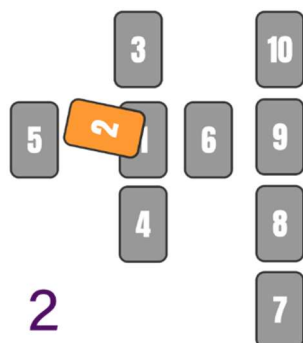

- **The Celtic Cross Spread**

One of the most popular spreads is the Celtic Cross.

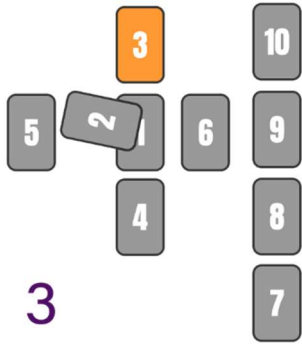

1. The Present Circumstances (traditionally called “The First Card – Covering the Significator”):

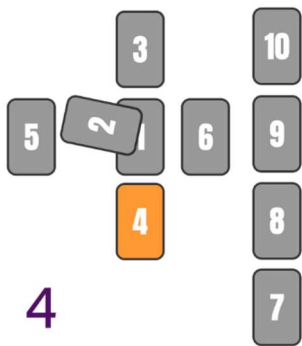

This card represents the current situation. Note: The practice of using a Significator, as originally described by A.E. Waite, has become less common in modern tarot readings. Though some tarot readers still follow this traditional method, choosing a card before shuffling to represent the querent or the inquiry’s subject, many contemporary practitioners prefer to let the cards drawn in the reading naturally convey their messages without a pre-selected Significator. If you choose to use a Significator, it should be placed under the first card of the spread.

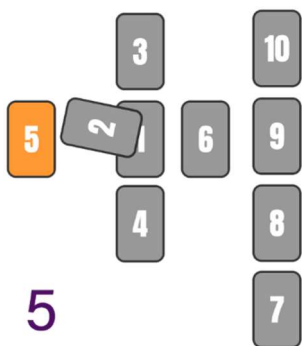

2. The Immediate Challenges (traditionally called “The Second Card – Crossing the First”): This card represents the immediate challenges or obstacles the querent is facing.

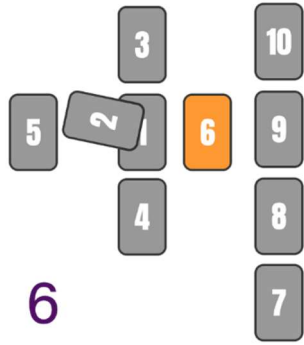

3. What You Think You Desire or Fear (traditionally called “The Third Card – Above the Significator”): This position reveals the querent’s conscious wants or fears.

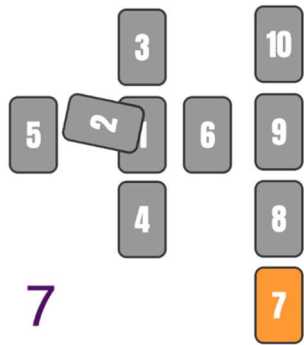

4. Subconscious Feelings (traditionally called “The Fourth Card – Beneath the Significator”): This card uncovers hidden factors or underlying drives that shape the root of the matter.

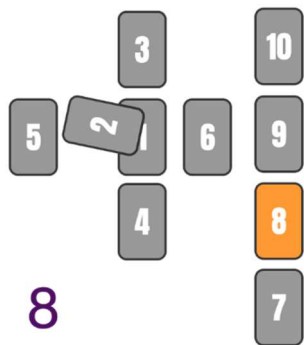

5. Recent Past (traditionally called “The Fifth Card – Behind the Significator”): This card reflects the recent influences that have affected the present situation.

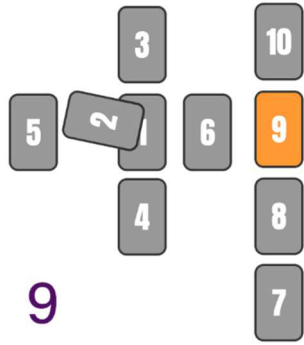

6. Near Future (traditionally called “The Sixth Card – Before the Significator”): This card represents the immediate direction in which the situation is heading.

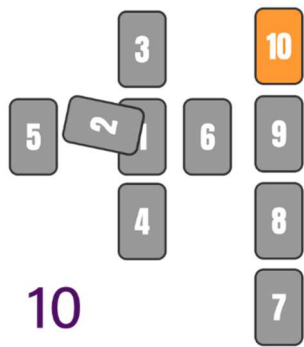

7. Controllable Mindset (traditionally called “The Seventh Card – Signifies the Querent”): This card represents the querent’s conscious thought processes and attitudes.

8. External Factors (traditionally called “The Eighth Card – His House”): This card represents people, events, or environmental factors outside the querent’s complete control.

9. What You Really Want or Fear (traditionally called “The Ninth Card – Hopes or Fears”): This position represents what the querent wants to manifest or release.

10. Potential Outcome (traditionally called “The Tenth Card – What Will Come”): The final result, the culmination brought about by the influences shown in the reading. This was the probable final result before the influence of this reading

If you are having trouble remembering this spread use our mnemonic to help you remember the key positions of the spread with ease. Just remember:

“Patty can do some pretty fun magic except when pouting!”

- **P**atty (**P**resent Situation)
- **C**an (**I**mmEDIATE **C**hallenges)
- **D**o (**W**hat You Think You **D**esire or Fear)
- **S**ome (**S**ubconscious Motivators of Your Feelings)
- **P**retty (**R**ecent **P**ast)
- **F**un (**N**ear **F**uture)
- **M**agic (**C**ontrollable **M**indset)
- **E**xcept (**E**xternal Factors)
- **W**hen (**W**hat You Really **W**ant or Fear)
- **P**outing (**P**otential Outcome)

Each word in this mnemonic is selected to correspond with a crucial element of the spread, making it easier for you to recall and interpret each card’s meaning. Whether you are just starting out or looking to

deepen your practice, this mnemonic will be a valuable asset, guiding you towards more insightful and accurate readings. Embrace this tool and experience a more intuitive connection with the Tarot.

2) Skeptics, Verbal Attacks, Unhappy Querents, and Who to Refer Away

A skilled Tarot reader plays a vital role in guiding individuals to tap into their inner wisdom, enhancing emotional wellbeing, and assisting in setting and achieving personal goals. Moreover, they can offer valuable perspectives that help in reframing past experiences in a more positive light. While the allure of gaining insights into the future is a common draw for many, it's important to recognize that each individual seeks something different from a Tarot reading. Some may hold a profound belief in the power of Tarot, viewing it as a tool for deep spiritual guidance, while others may approach it as an enjoyable and introspective experience centered around them.

Given this diversity in expectations and beliefs, a reader must acknowledge that it's not always possible to meet everyone's desires and needs. Preparedness for a range of demanding situations is key. This includes recognizing and respecting the varying degrees of belief and skepticism among clients, and adapting the reading to suit their unique perspectives and needs. By maintaining flexibility and sensitivity in their approach, a reader can offer meaningful and enriching experiences to a wide array of individuals, irrespective of their initial stance on Tarot readings.

Skeptics

It is not unusual to have a skeptical querent say: "If you are psychic, prove it to me!" When this happens, it can be helpful to ask the querent to explain why they feel as they do. Some skeptics are coming from a position of uncertainty and want to be proved wrong. They are afraid of getting swindled.

Honest tarot card readers must contend with some readers who are not. The good news is that con-artists typically put out easy to spot red flags, which a reader may choose to share with a nay-sayer.

Trustworthy tarot card readers NEVER do the following:

- **Immediately offer to lift a spiritual hex or curse for a fee**
- **Fish for information to tell you what you want to hear**
- **Demand the querent keep the session a secret**
- **Ask for payment on an unknown or unsecured website**
- **Disempower the querent's ability to influence their future happiness without the reader**

Verbal Attacks

Some people feel tarot reading is an affront to their religious or moral beliefs and will attack a reader on social media, or sometimes at parties or events a reader is working at. For most of these people, no amount of reasoning will change their minds. To help diffuse attacks, let the person know you will not

fight them and try to understand how they are feeling. Let go of your need to be correct, have thick skin, and try to be kind... but do not endure abuse. If a situation becomes escalated, it is ok to block someone on social media, walk away, ask someone to leave, or call security or police.

Unhappy Querents

Querents unhappy with the results of a reading sometimes respond with disbelief that borders on anger. Displaying consistent confidence and maintaining a relaxed body language can help. It's easy to doubt yourself in these moments. But remember that the cards show us both the dark and light. It's not always easy to listen to the message in a spread. Remind yourself to have compassion. A negative response is most often rooted in the querent's fear.

1. When to Refer Querents Away

Respecting the greatest good means that you have some job responsibility as a tarot reader. Unless you are a trained and licensed medical professional, your querent might need medical or psychological help you can't provide. It is advisable to strongly encourage querents to seek the support they need from the correct source.

Never attempt to do any of the following for a querent:

1. Treat mental illness, depression, or clinical anxiety
2. Heal clinically relevant past trauma
3. Treat addictions
4. Cope with abuse

2. Protecting your Energy

Great Tarot readers invest a significant amount of energy in their readings, risking becoming drained, depressed, anxious, and overwhelmed. Energy vampires, often unknowingly, can deplete a reader's energy, leaving them exhausted and sometimes even ill. Additionally, some empathetic readers may unconsciously give away all their energy without someone necessarily taking it.

As previously discussed, setting intentions with affirmations for grounding energy can be helpful. Crystals, such as lapis, quartz, obsidian, fluorite, and jasper, offer protective properties to safeguard personal energy storage and flow. Burning sage to smudge your workspace between querents can also help purify the area of residual energies. However, the most effective defense is being aware of your energy levels and knowing when to take a break. Something as simple as a well-timed walk in the sunshine can be instrumental in preventing burnout and exhaustion.

3. How to Handle a Scary Reading

True achievement comes at the price of overcoming challenges. Both light and shadow are integral to the human experience. For instance, greatness demands effort and perseverance. Similarly, the depth of joy is often understood only when contrasted with suffering. Staying within the confines of comfort limits

the fullness of life's experiences. However, how does one address a querent who is visibly alarmed by the imagery on a Tarot card?

Some of the most impactful cards in a Tarot reading are those that depict adversity because they often signal growth through trials. Novice readers may try to downplay negative cards, hesitant to convey unwelcome news. Yet, this approach can significantly diminish the reading's potential to impart valuable life lessons and assist the querent in adopting a constructive mindset for problem-solving. A proficient Tarot reader knows how to tactfully interpret these challenging cards by employing the S.A.F.E. method:

S - Solution-Oriented Approach: Help your querent recognize the potential for solutions. For example, "This card symbolizes a call to [specific card meaning]. It presents an opportunity for growth and learning."

A - Acknowledgement of Life's Inequities: Validate that life sometimes brings unfair challenges. "This card reflects [specific hardship or struggle due to card meaning]. It's understandable to feel overwhelmed by such experiences."

F - Emphasis on Free Will: Remind your querent of their agency. "This card highlights that our future is shaped by our choices. Your decisions have the power to influence the outcome in meaningful ways."

E - Encouragement for a Positive Outlook: Foster an optimistic perspective. "As this card indicates [specific card meaning], you have the chance to adopt a mindset that will help you navigate through this situation effectively."

Lastly, it's crucial to remember that Tarot cards symbolize life lessons. For instance, the Death card typically signifies an end or transition, not a literal death. As a Tarot reader, it's unethical and potentially harmful to predict actual death or health outcomes, unless you are also a qualified medical professional. If you have concerns about your querent's wellbeing, it's imperative to guide them to the appropriate professional or support service.

GOING PRO
PART 4

A. Professional Tarot Card Reading

1) Can you Make Money Reading Tarot?

The field of psychic and Tarot reading is often unfairly stigmatized with notions of deceit and illegitimacy. This is compounded by a misconception that material success, such as earning a comfortable living, is incompatible with higher spiritual consciousness. This belief is unfounded. Like any professional service, psychic and Tarot reading services deserve fair compensation for time, effort, and expertise.

To understand the industry's legitimacy and growth, consider these statistics:

- According to a survey, approximately 22% of U.S. adults have consulted a psychic or medium.
- The psychic services industry has seen a 52% growth since 2005.
- A 2021 industry report by IBISWorld estimated the psychic services market in the USA to be valued at \$2.2 billion, encompassing over 98,000 businesses.
- This industry is notably resilient during economic downturns, showing minimal declines compared to other discretionary spending sectors.
- As reported by the American Psychic & Medium Magazine in its May 2017 Economy edition, around 21% of psychics in the United States earn more than \$50,000 annually.
- According to Glassdoor, as of 2023, the average annual salary for a Tarot Reader in the United States is \$54,719.
- On social media platforms like TikTok, Tarot content has garnered over 48.2 billion views as of March 9, 2023. Here, average rates for a 15-minute private session range from \$15 to \$50.

Payment structures in this field vary. Some practitioners are employed on an hourly basis or through commission, while others are self-employed. The latter group typically sets their rates per reading or per retained hour. Although rates can vary widely, the average is around \$100 per hour, often calculated based on 15-minute sessions. These sessions can be conducted over the phone, online, or in-person.

It's important to be cautious of scams, particularly in work-from-home arrangements. The United States Federal Trade Commission provides resources to identify and avoid such scams.

2) How Do I Start a Tarot Reading Business?

Deciding to set up a business in the United States requires planning and research. There are several legal considerations, including business structure and licenses, for which it is a good idea to consult with local experts such as from the Small Business Association. Taking a class on making money using social media (such as Facebook, TikTok, Instagram, YouTube, etc.) may provide you with a necessary skill.

The following resources can be helpful:

- <https://www.usa.gov/start-business>
- <https://www.sba.gov/business-guide/10-steps-start-your-business>
- <https://www.irs.gov/businesses/small-businesses-self-employed/self-employed-individuals-tax-center>

A business plan will help you to consider essential aspects of running a profitable business, such as your expected costs, how to market yourself, and how you will measure your success.

Business Plan Template

One-Page Business Plan Template

<p>Problem</p> <p>State 1-3 problems your business solves for customers.</p>	<p>Solution</p> <p>Describe how your business solves the problem/s for customers.</p>	<p>Unique Value Proposition</p> <p>Describe how your business is unique and why customers would select your business over someone else's.</p>	<p>Advantage</p> <p>Describe how you have an advantage in solving the problem/s for customers.</p>	<p>Customer Segments</p> <p>Describe the different types of customers your solutions help.</p>
<p>Cost Structure</p> <p>Describe how the costs you will have to start up and run your business.</p>		<p>Revenue Streams</p> <p>Describe how you will be paid for each type of service you provide.</p>		

3) Ethics

All members of Tarotskill.com, including holders of a Tarot Readerscore and the Certified Tarot Master (CTM) designation, must uphold and follow our established Code of Ethics. Maintaining good standing is contingent upon adhering to this Code. Any breach may affect your membership and certification status with Tarotskill.com.

- Read cards with precision, relying on one's intuition, irrespective of its impact on compensation.
- Avoid offering services beyond tarot reading, such as medical, psychological, or legal advice, unless appropriately licensed.
- Practice non-discrimination in service delivery based on any individual characteristic.
- Uphold client confidentiality, refraining from discussing reading details without the client present.
- Seek professional assistance and step away from work if impaired by substance abuse or health conditions.
- Commit to lifelong learning to continually refine professional skills.
- Represent credentials, competence, and background truthfully.
- Prevent conflicts of interest that could compromise professional judgment.
- Abstain from deceitful or fraudulent behavior related to financial transactions.
- Conduct oneself professionally, avoiding actions that tarnish the reputation of the Tarot community.
- Eschew harassment, power abuse, or any form of misconduct.
- Monitor any supervised individuals to ensure adherence to this Code of Ethics.
- Credit sources appropriately to avoid plagiarism.
- Treat colleagues and associates fairly and without prejudice.
- Engage constructively and truthfully in the ethics complaint process with CompetentSee, LLC.
- Adhere to all relevant local, state, and federal laws related to Tarot reading.
- Report any convictions, pleas, or findings related to misdemeanors or felonies to CompetentSee, LLC in a timely manner.

A. Conclusion

Throughout this book, we've navigated the depths of Tarot reading, uncovering its intricacies and embracing its challenges. As you stand at this new juncture, equipped with knowledge and intuition, here's your valuable takeaway: The cards are a mirror, reflecting not just the fortunes of those you read for, but also your own personal growth and evolution.

Remember, the true power of Tarot lies in transformation – the transformation of uncertainty into understanding, confusion into clarity, and fear into empowerment. Each reading you conduct is a step towards mastering not only the art of Tarot but also the art of empathetic, insightful guidance.

As your final takeaway, I encourage you to create your own personal Tarot mantra. A mantra that resonates with your journey, encapsulates your learning, and propels you forward. It could be as simple as 'I am the guide to hidden truths' or 'Through the cards, I empower and enlighten.' Let this mantra be your anchor, your reminder of the journey you've embarked on, and the power you hold. As you move forward, carry this mantra in your heart. Let it remind you of your purpose and your passion. Approach each reading with the knowledge that you are not just interpreting cards; you are illuminating paths, unlocking mysteries, and touching lives.

And with that, our series may conclude, but your journey with Tarot is just unfolding. You are stepping into a world where every card dealt is a story waiting to be told, a lesson waiting to be learned. Embrace each moment with confidence and curiosity. Thank you for being a part of this enriching journey. May your path be ever lit with the wisdom of the Tarot, and may your readings bring light to those who seek your guidance.

Until our paths cross again, keep shuffling, keep discovering, and remember – **within you lies the power to change lives, one card at a time.**

CARD REFERENCE

PART 5

0 THE FOOL

As a movie character THE FOOL would be cast in the role of... “The Innocent”.

- **Up Meaning:** FEARLESS BEGINNINGS.
- **Rev Meaning:** FEARFUL BEGINNINGS.
- **Yes or No Reading:** is a yes.
- **Primary Element:** Air (which influences intellect and strategy)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Zodiac air signs
- **Element Zodiac:** Gemini, Libra, and Aquarius
 - Note: These collective zodiac signs give us the traits of versatility, diplomacy, and confidence.
- **Planet:** Mercury, Venus, Saturn, and Uranus planetarily represents strategy, love, uncertainty, and exploring.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The dog - symbolizes loyalty, protection, instinct, and a playful warning on the Fool's journey.
- **Numerology:** 0 - Blankness.
- **Direction:** When this card is pulled in a multi-card spread, the card to the LEFT is additionally significant to the reading. If there is no card to the left, a person or event in the past is symbolic to this reading.

1 THE MAGICIAN

As a movie character THE MAGICIAN would be cast in the role of... “The Manifestor”.

- **Up Meaning:** MANIFESTING REWARDS.
- **Rev Meaning:** MANIFESTING PUNISHMENT.
- **Yes or No Reading:** is a yes.
- **Primary Element:** Air (which influences intellect and strategy)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Zodiac air signs
- **Element Zodiac:** Gemini, Libra, and Aquarius
 - Note: These collective zodiac signs give us the traits of versatility, diplomacy, and confidence.
- **Planet:** Mercury planetarily represents strategy.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The infinity symbol - symbolizes limitless possibility, eternal flow, and the connection between the spiritual and material realms.
- **Numerology:** 1 - Beginnings.
- **Direction:** Context of the card spread is centered and influencing the present moment.

2 THE HIGH PRIESTESS

As a movie character THE HIGH PRIESTESS would be cast in the role of... “The Mystic”.

- **Up Meaning:** DECISIVE INTUITION.
- **Rev Meaning:** SILENT INTUITION.
- **Yes or No Reading:** is decided by the intuition of the reader.
- **Primary Element:** Water (which influences love and emotions)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Zodiac water signs
- **Element Zodiac:** Cancer, Scorpio, and Pisces
 - Note: These collective zodiac signs give us the traits of sensitivity, focus, and intuition.
- **Planet:** The Moon planetarily represents emotion.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The Torah - symbolizes hidden knowledge, divine law, and the esoteric wisdom that is yet to be revealed.
- **Numerology:** 2 - Union.
- **Direction:** Context of the card spread is centered and influencing the present moment.

3 THE EMPRESS

As a movie character THE EMPRESS would be cast in the role of... “The Nurturer”.

- **Up Meaning:** NURTURING CREATOR.
- **Rev Meaning:** SMOTHERING CREATOR.
- **Yes or No Reading:** is a yes.
- **Primary Element:** Earth (which influences responsibility and obligations)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Zodiac earth signs
- **Element Zodiac:** Taurus, Virgo, and Capricorn
 - Note: These collective zodiac signs give us the traits of collecting, precision, and pragmatism.
- **Planet:** Venus planetarily represents love.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The wheat stocks - symbolize fertility, abundance, and the nurturing aspects of nature.
- **Numerology:** 3 - Kindred.
- **Direction:** Context of the card spread is centered and influencing the present moment.

4 THE EMPEROR

As a movie character THE EMPEROR would be cast in the role of... “The Ruler”.

- **Up Meaning:** STRONG LEADER.
- **Rev Meaning:** INEFFECTIVE LEADER.
- **Yes or No Reading:** is a yes.
- **Primary Element:** Fire (which influences desire and actions)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Aries
- **Element Zodiac:** Aries, Leo, and Sagittarius
 - Note: These collective zodiac signs give us the traits of self-awareness, domination, and intellect.
- **Planet:** The Universe planetarily represents the connections between things.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The ram - symbolizes authority, determination, and leadership.
- **Numerology:** 4 - Structure.
- **Direction:** Context of the card spread is centered and influencing the present moment.

5 THE HIEROPHANT

As a movie character THE HIEROPHANT would be cast in the role of... “The Teacher”.

- **Up Meaning:** TRADITIONAL TEACHING.
- **Rev Meaning:** UNCONVENTIONAL THINKING.
- **Yes or No Reading:** is decided by the intuition of the reader.
- **Primary Element:** Earth (which influences responsibility and obligations)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Taurus
- **Element Zodiac:** Taurus, Virgo, and Capricorn
 - Note: These collective zodiac signs give us the traits of collecting, precision, and pragmatism.
- **Planet:** The Universe planetarily represents the connections between things.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The keys - symbolize the unlocking of spiritual wisdom, access to sacred knowledge, and the authority to provide guidance and teachings.
- **Numerology:** 5 - Forging.
- **Direction:** Context of the card spread is centered and influencing the present moment.

6 THE LOVERS

As a movie character THE LOVERS would be cast in the role of... “The Chosen”.

- **Up Meaning:** EUPHORIC CHOICE.
- **Rev Meaning:** HAUNTED CHOICE.
- **Yes or No Reading:** is a yes.
- **Primary Element:** Air (which influences intellect and strategy)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Gemini
- **Element Zodiac:** Gemini, Libra, and Aquarius
 - Note: These collective zodiac signs give us the traits of versatility, diplomacy, and confidence.
- **Planet:** The Universe planetarily represents the connections between things.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The rain clouds - symbolize potential challenges, emotional cleansing, and the transient nature of obstacles in relationships.
- **Numerology:** 6 - Harmony.
- **Direction:** Context of the card spread is centered and influencing the present moment.

7 THE CHARIOT

As a movie character THE CHARIOT would be cast in the role of... “The Conqueror”.

- **Up Meaning:** UNWAVERING WILLPOWER.
- **Rev Meaning:** TESTED WILLPOWER.
- **Yes or No Reading:** is a yes.
- **Primary Element:** Water (which influences love and emotions)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Cancer
- **Element Zodiac:** Cancer, Scorpio, and Pisces
 - Note: These collective zodiac signs give us the traits of sensitivity, focus, and intuition.
- **Planet:** The Universe planetarily represents the connections between things.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The athame - symbolizes control, direction, and the focused energy needed to drive one's intentions and desires forward.
- **Numerology:** 7 - Awareness.
- **Direction:** Context of the card spread is centered and influencing the present moment.

8 STRENGTH

As a movie character STRENGTH would be cast in the role of... “The Bravest”.

- **Up Meaning:** UNQUESTIONED CONVICTION.
- **Rev Meaning:** EXHAUSTED CONFIDENCE.
- **Yes or No Reading:** is a yes.
- **Primary Element:** Fire (which influences desire and actions)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Leo
- **Element Zodiac:** Aries, Leo, and Sagittarius
 - Note: These collective zodiac signs give us the traits of self-awareness, domination, and intellect.
- **Planet:** The Universe planetarily represents the connections between things.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The lion - symbolizes courage, raw power, and the mastery of one's primal instincts.
- **Numerology:** 8 - Power.
- **Direction:** Context of the card spread is centered and influencing the present moment.

9 THE HERMIT

As a movie character THE HERMIT would be cast in the role of... “The Seeker”.

- **Up Meaning:** SOUL SEARCHING.
- **Rev Meaning:** SELF ISOLATION.
- **Yes or No Reading:** is decided by the intuition of the reader.
- **Primary Element:** Earth (which influences responsibility and obligations)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Virgo
- **Element Zodiac:** Taurus, Virgo, and Capricorn
 - Note: These collective zodiac signs give us the traits of collecting, precision, and pragmatism.
- **Planet:** The Universe planetarily represents the connections between things.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The lamp - symbolizes guidance, enlightenment, and the inner light of wisdom leading the way in darkness.
- **Numerology:** 9 - Fulfillment.
- **Direction:** When this card is pulled in a multi-card spread, the card to the LEFT is additionally significant to the reading. If there is no card to the left, a person or event in the past is symbolic to this reading.

10 WHEEL OF FORTUNE

As a movie character WHEEL OF FORTUNE would be cast in the role of... “The Destined”.

- **Up Meaning:** LUCKY TWIST OF FATE.
- **Rev Meaning:** UNFORESEEN CHALLENGE.
- **Yes or No Reading:** is a yes.
- **Primary Element:** Fire (which influences desire and actions)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Zodiac fire signs
- **Element Zodiac:** Aries, Leo, and Sagittarius
 - Note: These collective zodiac signs give us the traits of self-awareness, domination, and intellect.
- **Planet:** Jupiter planetarily represents growing.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The wheel - symbolizes cycles of change, destiny, and the ups and downs of life.
- **Numerology:** 10 - Beginnings.
- **Direction:** Context of the card spread is centered and influencing the present moment.

11 JUSTICE

As a movie character JUSTICE would be cast in the role of... “The Judge”.

- **Up Meaning:** FAIR JUDGEMENT.
- **Rev Meaning:** UNFAIR BIAS.
- **Yes or No Reading:** is decided by the intuition of the reader.
- **Primary Element:** Air (which influences intellect and strategy)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Libra
- **Element Zodiac:** Gemini, Libra, and Aquarius
 - Note: These collective zodiac signs give us the traits of versatility, diplomacy, and confidence.
- **Planet:** The Universe planetarily represents the connections between things.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The scales - symbolize balance, fairness, and the objective weighing of facts and truths
- **Numerology:** 11 - Union.
- **Direction:** Context of the card spread is centered and influencing the present moment.

12 THE HANGED MAN

As a movie character THE HANGED MAN would be cast in the role of... “The Sacrificer”.

- **Up Meaning:** REWARDED SACRIFICE.
- **Rev Meaning:** EMPTY REWARD.
- **Yes or No Reading:** is a no.
- **Primary Element:** Water (which influences love and emotions)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Zodiac water signs
- **Element Zodiac:** Cancer, Scorpio, and Pisces
 - Note: These collective zodiac signs give us the traits of sensitivity, focus, and intuition.
- **Planet:** Moon, Mars, Jupiter, and Neptune planetarily represents feelings, battle-readiness, growing, and idealism.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The halo - symbolizes enlightenment, sacrifice for greater understanding, and spiritual insight.
- **Numerology:** 12 - Kindred.
- **Direction:** Context of the card spread is centered and influencing the present moment.

13 DEATH

As a movie character DEATH would be cast in the role of... “The Transformer”.

- **Up Meaning:** NECESSARY ENDING.
- **Rev Meaning:** RESISTED ENDING.
- **Yes or No Reading:** is a no.
- **Primary Element:** Water (which influences love and emotions)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Scorpio
- **Element Zodiac:** Cancer, Scorpio, and Pisces
 - Note: These collective zodiac signs give us the traits of sensitivity, focus, and intuition.
- **Planet:** The Universe planetarily represents the connections between things.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The skeleton skull - symbolizes the inevitability of endings, the transformative nature of life, and the foundation for new beginnings
- **Numerology:** 13 - Structure.
- **Direction:** When this card is pulled in a multi-card spread, the card to the RIGHT is additionally relevant to the reading. If there is no card to the right, an event or person in the future is significant to this reading.

14 TEMPERANCE

As a movie character TEMPERANCE would be cast in the role of... “The Harmonizer”.

- **Up Meaning:** PATIENT BALANCE.
- **Rev Meaning:** IMBALANCED EXCESS.
- **Yes or No Reading:** is decided by the intuition of the reader.
- **Primary Element:** Fire (which influences desire and actions)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Sagittarius
- **Element Zodiac:** Aries, Leo, and Sagittarius
 - Note: These collective zodiac signs give us the traits of self-awareness, domination, and intellect.
- **Planet:** The Universe planetarily represents the connections between things.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The cups - symbolize the delicate dance of moderation, the harmonious mixing of life's elements, and the balance achieved through emotional and spiritual integration
- **Numerology:** 14 - Forging.
- **Direction:** Context of the card spread is centered and influencing the present moment.

15 THE DEVIL

As a movie character THE DEVIL would be cast in the role of... “The Tempter”.

- **Up Meaning:** DESTRUCTIVE INDULGENCE.
- **Rev Meaning:** RELEASING INDULGENCE.
- **Yes or No Reading:** is a no.
- **Primary Element:** Earth (which influences responsibility and obligations)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Capricorn
- **Element Zodiac:** Taurus, Virgo, and Capricorn
 - Note: These collective zodiac signs give us the traits of collecting, precision, and pragmatism.
- **Planet:** The Universe planetarily represents the connections between things.
- **Time:** dependent on the reading.
- **Season:** any season.
- **Rider-Waite Symbolism:** The chains - symbolize that addiction is often self-imposed, and with effort, can be overcome
- **Numerology:** 15 - Harmony.
- **Direction:** Context of the card spread is centered and influencing the present moment.

16 THE TOWER

As a movie character THE TOWER would be cast in the role of... “The Victim”.

- **Up Meaning:** PAINFUL TRANSITION.
- **Rev Meaning:** NEEDED TRANSITION.
- **Yes or No Reading:** is a no.
- **Primary Element:** Fire (which influences desire and actions)
- **Court Element** (if applicable):
- **Golden Dawn Zodiac:** Zodiac fire signs
- **Element Zodiac:** Aries, Leo, and Sagittarius
 - Note: These collective zodiac signs give us the traits of self-awareness, domination, and intellect.
- **Planet:** Mars planetarily represents battle-readiness.
- **Time:** dependent on the reading.
